To Whom It May Concern,

Robert Wagner of Beskin-Divers Insurance Group has been a true advocate for Vineyard Community Church. Robbie took great care in breaking down our current policy to show us the gaps in our previous coverage. He not only created a better policy with increased coverage, he also lowered our monthly payments, which is priority for a non-profit. In doing so, we are able to put more resources towards our ministries and our community. Robbie took the time to sit down with our Senior Pastor and myself to go over each area in detail of our new policy to ensure we understood every line. Robbie was a guide through the entire process and was incredibly helpful. He continues to be a phenomenal resource that is always available to anyone on our staff. I will personally be recommending Robert Wagner to friends and acquaintances in my personal and professional circles.

Thank you so much Robbie, you have truly made a difference at Vineyard Community Church!

God Bless!

A handwritten signature in black ink that reads "Sarah Mathews". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
